Area Drug and Therapeutics Committee Collaborative

Sharon Pfleger,
National Clinical Lead
Consultant in Pharmaceutical Public Health, NHS Highland
REALISTIC MEDICINE

AND

REALISTIC MEDICINES
Medicines Factsheet

• Launched June 2016
• Available electronically
• Patient journey starting at consultation
• Explains how healthcare professionals decide whether to prescribe to medicine and which to prescribe

....but actually applicable to all interventions

• Potential to underpin conversations between patients and healthcare professionals
  ✓ Fulfils NHSScotland quality ambitions
  ✓ Supports Realistic Medicine
  ✓ Educate the public on medicines risks and benefits
  ✓ Engage patients in shared decision-making
  ➢ Higher quality care and better outcomes
  ➢ Reduced waste and harm, improved safety

Medical Improvement Scotland
